RE: US Patent Application No. 10/700,236

Dear Ms. Ellington:

About two weeks ago, I mailed you my Amendment in response to your Office Action dated November 2, 2004. Would you kindly let me know whether there is any administrative error in my Amendment, which should be corrected before the 3-month deadline from your mailing date? If necessary, I may have to request extension of time. Please let me know by the contact information provided above.

I greatly appreciate you for the kindness in this matter.

Sincerely,

Young W. Kwon
